### **Purdue University Experience:**

Dr. Martin joined the faculty in the Department of Agricultural Economics at Purdue University in 1976 with a research, teaching, and extension appointment in agricultural policy, international trade, and technology assessment, especially pesticide use and agricultural biotechnology. Since 1995, as Associate Department Head, he has been responsible for many administrative issues including coordination of extension programming, research funding, and publications. He has supervised more than 29 graduate students, published 29 referred journal articles, two invited journal articles, 27 research abstracts, two books, four book chapters, four book reviews, 18 research bulletins, 32 miscellaneous research publications, and presented more than 40 invited lectures. He has taught undergraduate and graduate courses to more than 1,600 students in agricultural price analysis and agricultural policy, and supervised the research of four undergraduate honors= students. His extension work has emphasized U.S. agricultural and trade policy and biotechnology. He has written 48 reviewed and 31 popular extension publications and been involved in more than 500 extension meetings with a combined audience of more than 20,000 people.

### **International Experience:**

Dr. Martin has had professional experience as a consultant (World Bank, Ford Foundation, Ag Alumni Seed Improvement Association, and U.S./Mexico Chamber of Commerce) and as a visiting professor/lecturer in Argentina, Bolivia, Brazil, Belgium, Canada, Hungary, Italy, Mexico, Portugal, Spain, The Netherlands, Switzerland, Venezuela, and Russia. He is fluent in Spanish and Portuguese.
